

Security, Protection & Nonlethal Programs

Delivering Solutions to Complex Military and National Security Problems

The Enterprise Ventures Corporation (EVC) Security, Protection & Nonlethal (SP&NL) Solutions Team consists of former military and civilian law enforcement officers, leaders, and professionals able to expertly translate unique SP&NL requirements to the team's diverse group of technologists and scientists. Together, our experts can rapidly obtain, modify and/or create, and integrate commercial/government off-the-shelf technologies into effective SP&NL solutions. EVC is a trusted partner in the Department of Defense (DoD) law enforcement community, working side-by-side with SP&NL personnel daily to deliver rapid and innovative solutions to increasingly complex military and national security problems.
