

CARC-E (TALON®) Coating System

A breakthrough Chemical Agent Resistant Coating (CARC) with unique properties that mitigate the risk of advanced threats from peer- and near-peer adversaries.

The CARC-E (TALON®) Coating System significantly improves the survivability of U.S. assets:

- U.S. Army Program of Record
- Qualified to military specification MIL-DTL-64159C
- Extreme durability exceeding current CARC topcoats
- Affordable and less burdensome to troops than alternative technologies
- Ground vehicle, maritime, and rotary wing variants available
- Color matches with new regular CARC-L coatings

Description	NSN	GOVT PN
3 Pint 37057 BLACK0222 Grade E-0917 Kit	8010017019488	M64159-II-2-E-2-1-03P-37057
3 Pint 34072 GREEN0222 Grade E-0917 Kit	8010017019481	M64159-II-2-E-2-1-03P-34075
3 Pint 33450 TAN0222 Grade E-0917 kit	8010017019303	M64159-II-2-E-2-1-03P-33450
1.5 Gallon 34072 GREEN0222 Grade E-0917 Kit	8010017019483	M64159-II-2-E-2-1-01.5G-34075
1.5 Gallon 33450 TAN0222 Grade E-0917 Kit	8010017019300	M64159-II-2-E-2-1-01.5G-33450
3 Gallon 34072 GREEN0222 Grade E-0917 Kit	8010017019484	M64159-II-2-E-2-1-03G-34075
3 Gallon 33450 TAN0222 Grade E-0917 Kit	8010017019304	M64159-II-2-E-2-1-03G-33450
