EVC Golf Outing Raises Funds for Cambria County Backpack Project

Johnstown, PA August 20, 2026 – Enterprise Ventures Corporation (EVC) and Concurrent Technologies Corporation (CTC) hosted their annual charity golf outing on Friday, August 14, 2026, at Oakbrook Golf Club in Stoystown, Pennsylvania. The event brought together employees for an afternoon of camaraderie while raising funds for the Cambria County Backpack Project.

The golf outing combines friendly competition with charitable giving, with funds raised through a 50/50 raffle and the sale of mulligans.

EVC and CTC employees gather to participate in the annual golf outing.

Once again, CTC/EVC supported the Cambria County Backpack Project as this year's beneficiary. For the past 10 years, the organization has worked to ensure that local children have access to nutritious meals, addressing food insecurity in the community.

"At CTC and EVC, one of our greatest strengths is our people," said Sarah Edmiston, Senior Industrial Security Specialist at CTC. "Every day, our employees work together to help solve some of the toughest technical and national security challenges. The annual golf outing gives us an opportunity to step away from our desks, enjoy time together, strengthen the relationships that make us such a great team, and have a little fun outside of work."

With 78 golfers registered, the strong turnout reflected the event's popularity among employees as both a team-building opportunity and a chance to give back to the local community.

EVC extends its gratitude to all participants, volunteers, and supporters who made this year's golf outing a success.

Enterprise Ventures Corporation (EVC) is the technology transition affiliate of Concurrent Technologies Corporation (CTC). EVC's mission is to transfer advanced technologies designed and created by others to the marketplace and to deliver high-quality, competitively priced products and services to its clients. www.evc.ctc.com
